Eastern Capital For Mission Inn

Large Doll and Toy Factory Would Locate In Sonoma

Trial of Doctors Indicted for Murder Starts In Santa Rosa

PLANT WILL BE MOVED HERE IF IT IS SUPPORTED

Dooley Toy and Doll Representatives Address Sonoma Business Men's Association Wednesday Evening.

Representatives of the Dooley Doll and Toy Factory of Atascadero, including Messrs Dooley and Snyder of the company addressed the Sonoma Business Men's Association Wednesday night, declaring that they would move their manufacturing plant to Sonoma if $75,000 worth of stock can be sold in this territory. The additional capital is necessary to make the change of location and provision for the new plant of the manufacturing concern which makes not only dolls and toys but such articles as art lamp stands, clothes pins etc. The factory is a going concern which has been established over four years. It has a good market for its output and at present employ 50 people.

Labor conditions in the south, the distance of the present factory from the trade centers and lack of terminal freight rates make a change imperative. The present plant has also become too small, and as expansion would mean the expenditure of additional capital, it is thought best to move the factory to Sonoma and rebuild it where all conditions would be bettered by the change.

Mr. Dooley in addressing the association pointed out the volume of business in the doll industry, the low cost of producting the Dooley unbreakable doll and the advantage concerns have in establishing factories in small communities where real estate does not tie up a lot of capital and where working conditions are ideal.. He said it was planned to sell $75,000 worth of stock to put the new factory on an enlarged working basis and asked the association's cooperation in conducting a campaign to assure the factory for Sonoma.

The matter will be gone into further at a meeting of the association Monday night.

PACKING HOUSES BUSY WITH 1923 FRUIT CROP

Vineburg Scene of Great Activity as First Apple and Pear Shipments Leave Sonoma Valley.

The picking, packing and shipment of Sonoma Valley fruit is now in full swing and with one of the largest apple crops in years being harvested, the Sonoma Valley Apple Growers' Association has its big packing house operating to full capacity. The Stewart Fruit Company is also established at Vineburg this year and at present is shipping Astrachan apples and the first Sonoma Valley pears.

Forty-eight hands were employed at the packing house last week and more help was advertised for. The new grader installed this season has greatly facilitated work at the plant. Four car loads of fruit left Vineburg the first of the week for the north where early California apples are much in demand. $500 has to be put up for each freight car with the railroad company before it is loaded.

Death of Louis Litzius, Former City Trustee

Prominent Ex-Resident of Sonoma Dies In San Francisco at Advanced Age of 85 Years.

Louis Litzius, who came to Sonoma in 1862, and was prominent in business and civic affairs of this city for many years, prior to his removal to San Francisco, in the nineties, died this week at the age of 85 years. His passing occurred at the home of his daughter in the metropolis after an illness of some duration.

Litzius was an early day hotel keeper in Sonoma and at one time kept a well known inn on the site of the present Clewe building. This structure was finally destroyed by fire. He later kept the Union Hotel with F. Oettel.

A man of energy and decided opinions, Litzius actively participated in politics and public affairs and was elected a city trustee which office he filled for two terms. He was also affiliated with the local Masonic order. He was engaged in the merchandise business prior to leaving Sonoma and had accumulated much property including the present site of the Ford Garage, Ross Battery Shop and Joe Lucio's. The Western Union Telegraph office was adjacent to Litzius's store, the operator being his daughter, Miss Nellie Litzuis. The family resided on First Street East and included three daughters and a son, Louis Junior. The daughters are Mrs. Kate Cronk, Mrs. Clara Fields of New York and Miss Nellie Litzius.

Many old timers heard of Mr. Litzius' death with regret, for one by one the old Sonoma pioneers are passing.

The funeral took place Wednesday in San Francisco.

LIQUORS WILL BE RETURNED TO PARENTE

Government Finds Void It's Seizure Of Wet Goods From Sonoma Man's San Francisco Home.

Several thousand dollars worth of choice liquor, seized on the premises of Louis Parente in San Francisco and since, held in the government warehouse, will be returned to him according to Director Sam Rutter. The liquor has not "evaporated" as reported but is all intact, and as the search warrant under which is was seized by federal agents was defective, the goods will be returned. A quantity of Scotch whiskey which Rutter says came in via Canada, and is therefore illicit, will go back to Parente, who disclaims any knowledge of where the whiskey came from, "all I know is that it is good stuff, bought in good faith with a lot of real money" says Parente who has big interests in Sonoma Valley. The Tavern, erected by him at El Verano last year is one of the most modern and finely appointed hotels north of San Francisco.

Mr. and Mrs. A. Froment and the Misses Froment left the first of the week for a motor camping trip to Humboldt county. Earl Revie was at the wheel of their dependable Ford.

Oscar H. Klatt Interests Eastern Financiers In Valley of the Moon Project.

It is assured that plans for the Mission Inn, the $400,000 tourist hotel for Sonoma Valley, will go forward now that Oscar H. Klatt, secretary of the company, has returned from the East with the good news that a quarter of a million dollars has been placed at the disposal of the company by Eastern financiers for the development of the Sonoma property. Many shares of the capital stock of Mission Inn, Inc., have also been subscribed for by north of bay county capitalists and the remaining stock should find ready sale with all acquainted with the magnificent 237 acre property of the corporation and the success of Boyes Springs, which will be merged with the Mission Inn.

San Francisco hotel men, anxious to recommend a high class Northern California summer and winter hotel for tourists, are backing the project, for they see in such a resort a means of holding tourists in this beautiful section of the state. Mission Inn, only two hours from San Francisco, will be the ideal recreation ground for the metropolis of the Pacific.

Here is the history and plans of the company as outlined in its literature:

Sonoma Mission Inn, Inc., was organized by a group of business men who know the needs of Northern California and believe in its future development and greatness. The company will build a 200 room Castilian Spanish type hotel on the Bigelow property, known as Oak Farm, near Boyes Springs, in the Valley of the Moon, Sonoma county.

Each room is to have a bath and the entire building will be furnished in the very finest manner applicable to the Spanish principle. The building will be fireproof and centered in a beautiful garden surrounded by luxuriant tree and plant growth, with an eighteen hole golf course directly adjoining. Nine holes have been completed and the entire course has been declared by experts to be the most perfect natural one in the west. $85,000 has been allocated by the directors for the completion of the links. Tennis courts and other facilities for out door amusement will be provided, and it is also planned to have a permanent training ground for the San Francisco baseball club and an Eastern major league as well. A road will be built direct from the hotel to the famous Boyes Springs hot mineral baths, where entirely new buildings will replace the present ones and the whole converted into a Pompeian group at an estimated cost of $100,000. The financial plan of the company calls for the acquisition of the Boyes Springs hotel property, the chief asset of which is the hot natural mineral baths.

Boyes Springs Hotel Company reports that more than 200,000 people annually bathe in the wonderful mineral water of the Springs, which will be an important feature of the new hotel. This water comes from natural hot mineral wells and has achieved some remarkable cures.

The great need of a hotel of this character has been long felt for Northern California, as tourists at the

(Continued on Page Four)

Celebration Finances Need Your Help

THE Executive Committee of the Sonoma Mission Centennial Celebration report a deficit and Sonoma Valley must rally to the support of the underwriters and help clear the obligation.

The celebration was a magnificent success and one of the most ambitious and elaborate five day fiestas ever undertaken in Sonoma county, if not in Northern California. Its cost, however, ran far beyond the expectations of the promoters, while the receipts were not in proportion. The Mission Play brought in the most money, but only on one of the five performances was there a full house, and then there were many children at half price.

While no figure on the itemized expenditures and receipts is at this time available, it is announced that there is a serious shortage and public spirited men and women of Sonoma Valley and friends of Sonoma Valley are hereby asked to come to the assistance of the underwriters, who, after all voluntary subscriptions are in, must finally meet the obligation. Send or bring your contributions to any one of the Sonoma banks. If you are an underwriter and want to pay up, you may also pay at the banks.

Sonoma Valley has reaped a great and lasting benefit from the magnificent publicity of the Mission Play and the hospitality accorded our visitors, but in attaining the publicity, expensive administrative machinery was set up and kept in motion for several months. This system, and other phases of the celebration, conducted by the Director on a metropolitan and ambitious scale, made the celebration cost much more than the amount estimated.

The Committee believes that everyone is proud of Sonoma's celebration of the centennial and that those who are loyal and love this historic and hallowed land we call home, will come forward now and clear the indebtedness incurred in commemorating its one hundredth birthday.

Send in your check today, or if you prefer, an accredited collector will call on you.

$25,000 Annex To Grammar School Planned

Four Class Rooms and Enlarged Auditorium Will Be Improvements Proposed to Taxpayers.

The Sonoma Grammar School's trustees are having the District Attorney's office prepare resolutions which would submit to the people of this school district the proposition to vote $25,000 for additional class rooms and enlarged auditorium at the present school building. Plans have been drawn by Architect Lutgens who designed the school as it now stands whereby wings could be added, thus preserving the architectural beauty of the building and utilizing provisions made for the expansion now deemed necessary.

Sonoma Grammar School

When the present fine building was erected in 1910 it was thought adequate for many years, but since that time two extra class rooms have been put into use, and in addition basement room, intended only for the manual training and domestic science departments, has been utilized for the primary department classes.

The auditorium which seemed far too large some years ago has since proven entirely inadequate on many occasions. It is planned to lengthen this assembly hall by moving back the stage and by building a gallery.

The cost of the original Sonoma Grammar School building was only $31,000, and had the people foreseen the growth of Sonoma, much money could have been saved by providing for it. The present proposed improvements, estimated at $25,000, show that building costs have increased about 80 per cent.

The Sonoma Grammar School not only fast outgrew its building, but also its ground and as a result several acres of adjoining property has been added to the school property within the past two years.

ART HICKMAN HIMSELF TO PLAY AT BOYES

Art Hickman, famous all over America, as the leader of the best jazz orchestra in the country and who will shortly open at the new Biltmore Hotel in the South, is coming to Boyes Springs next week. He will personally direct his orchestra who will play a six weeks engagement at the Boyes Springs Theatre.

Cheers for Rudy Lichtenberg, who signed up such talent extraordinary for the Valley of the Moon. Cheers from dancers from Frisco to Eureka. Boyes Springs will be the mecca for dance lovers from everywhere beginning next Saturday night.

MANY PEOPLE CALLED BEFORE SATISFACTORY JURY IS EMPANELLED

Several Sonoma Residents Are Summoned to Santa Rosa This Week to Testify at Trial.

The trial of Dr. A. Anderson and Dr. J. M. Morris, of Petaluma, indicted on a charge of murder by the grand jury, growing out of the alleged illegal operation and death of Mrs. Louise Prestwood, began Monday before Judge Ross Campbell.

District Attorney G. W. Hoyle and Assistant District Attorney C. W. Anderson represented the state, while Gil P. Hall of Petaluma and William F. Cowan of Santa Rosa represented the defendants. The entire day was devoted to questioning of talesmen in the effort to secure a jury, but when adjournment was taken at 4:30 for the day, the jury had not been secured.

When the case was called at the morning session the venire of 65 persons was called and the court excused Edwin L. Lindley, Mrs. Allene R. Britton, A. W. Chenowith, Thomas Mitchell, Mrs. Jennie L. Spittswood, Henry E. Owens, Walter Hemmel, and Mrs. Laura E. Barlow.

The court then asked those desiring to present excuses to do so, and excused at their request Mrs. Sadie M. Rodgers, Antone Froment, John A. Garloff, Fred N. Passacacque, J. H. Johnson, H. O. Lowe, Henry Elphick William F. Thorpe, Ethel M. Corwell, James W. Kegan, Wade Sturgeon, F. H. McGrew, Frank Bussman and Henry Behrens.

At the close of the day there had been excused for cause or under challenge of one side or the other Miss Margaret Monahan, Miss Catherine D. Denman, Mrs. Hattie I. Sonnickson, Mrs. Ora Skinner, Mrs. Lenora Linton, Mrs. Mary Bailey, Thomas H. Douglas, Arst J. Petersen, Mrs. Agnes Denny, Miss Grace McGimsey, Frederick Marra, Mrs. H. D. Burmester, Frank Muller and Richard C. Specht.

The taking of testimony of what are said to be two of the principal witnesses for the prosecution in the grand jury indictment murder charge against the Petaluma physicians occupied the attention of Judge Campbell's court Wednesday and Thursday.

Henry Cailleaud, father of Mrs. Prestwood, said to have been killed by an illegal operation performed by the two doctors, was the first witness called after the jury had been select-

EL VERANO NEWS

By ARCHIBALD McKIVER

Hugo Del Buono, poultry dealer, is the owner of a new 1923 Chevrolet.

L. L. Stevenson and wife have returned from Lake county after a pleasant motor trip.

Joe Escolle, Caliente orchardist, has returned from a business and pleasure trip to San Francisco.

Mrs. George Carpenter is the proud owner of a new Essex coupe, recently purchased in Santa Rosa.

Mrs. J. B. Mini formerly owner of the Bellevue Hotel, has gone to Napa to reside with her daughter.

Albert Rossi and family will leave shortly on a camping trip to Eureka and other northern California cities.

Joe Parente and family of San Francisco are vacationing at Verano, the guests of Mr. and Mrs. Louis Parente.

Erhardt Steiger of Schellville was a business visitor Tuesday, stopping in to say hello to his old time El Verano friends.

D. Leahy and J. Collins, San Francisco business men, with their families, are spending their vacation in El Verano.

John Bennett and wife are vacationing at their Sonoma Vista cottage. Mr. Bennett is a U. S. mail carrier of San Francisco.

Charles Danieli was a Sunday S. P. visitor to Sebastopol. His son, Victor, returned home with him after a week's visit in the apple district.

Ken Weaver, well known Mission Lumber Company chief of Sonoma, has been enjoying a camping and fishing outing in Lake county, returning home Monday.

Native Sons Parlor of San Francisco landed in Boyes Springs Sunday and played a good game of ball with the Valley team, in which the visitors were victors, the score being 9 to 8.

Rev. John Byrne of the St. Francis church, Sonoma, was a welcome visitor in our city Tuesday. The Father is busy these days, now that the new church is almost completed. It will be dedicated by Archbishop Hanna on September 9th.

Mrs. M. McDevitt removed to Petaluma Sunday to reside with her daughter. Mrs. McDevitt is one of El Verano's early settlers and her many friends regret her leaving. E. Jones and family, the new owners, have taken possession.

El Verano summer resorts are now having a good run, many tourists arriving to enjoy the Valley of the Moon, which is world famous for the climate and scenery. Entertainment, including jazz dancing, keeps the visitors in a happy mood.

El Verano is having a boom. Several San Francisco people have recently bought here and are already building neat summer cottages. A home is also being erect on the Mouyer property in Verano, and throughout Sonoma Valley building is brisk.

Jim Lawrence, well known Sonoma tire doctor, hopped the local S. P. train Sunday morning for Napa creek where this disciple of Isac Walton, who was accompanied by Cal Robinson, spent an enjoyable day. Jim says the day was an ideal one for the rod and line sports.

Another good card was put on by the Sonoma Valley lovers of racing at the track on the Schweitzer ranch last Sunday. Local horses that had the appearance of speed were trotted out and some hair raising saddle races were run. Joe Danieli mounted on his famous horse Eclipse, won one of the greatest free for all races ever witnessed in the Sonoma Valley. The club is figuring on holding these events each Sunday, which is good news to the followers of this great sport. A large crowd was in attendance Sunday and are looking forward to the next event.

Charles Kottinger and family of San Francisco are spending their vacation at their cottage in Caliente Park. Mr. Kottinger is chief engineer for the Union Iron Works at Hunter's Point and has been in the employ of this company for many years.

G. Bini of San Francisco has taken over the Bellevue Hotel at El Verano. Many improvements will be made around the property which will be converted into one of the finest summer resorts in the valley. This hotel is the oldest business located in El Verano. The new proprietor is a veteran hotel man.

The writer has received cards and letters from J. Signorelli, who is visiting his native home in Italy. Our esteemed citizen is enjoying his trip through the old country and wishes to be remembered to his many friends in the Valley of the Moon. Mr. Signorelli is the owner of one of Sonoma Valley's fine vineyards near El Verano.

Saturday, July 14th, the fall of the Bastile will be celebrated in El Verano. This is a great French holiday and the El Verano Villa will hold a grand ball and other entertainment. Fine dance music will feature the big time, to which Manager L. Lamotte extends a cordial invitation to the public. These yearly celebrations are looked forward to and a large crowd will be in attendance.

Thomas McCarthy, well known pioneer Southern Pacific conductor, who formerly had a run over Santa Rosa branch and was well known along the line, died Sunday at Oakland pier. McCarthy had gone to the office to get train orders and dropped as he was performing his duties. He was rushed to a nearby hospital, but soon expired. He leaves a wife and five daughters. He was about sixty years of age.

Maurice O'Dowd, San Francisco detective and veteran police officer, had the misfortune recently of slipping from the porch of his residence in San Francisco, breaking an ankle. O'Dowd was getting ready to leave for El Verano on his annual vacation just prior to the accident. He was brought to his summer home here on Sunday where his folks are vacationing. Although it will be some time before Mr. O'Dowd will be able to get around, he is improving nicely at this writing.

Thomas E. Soberanes and Miss Marian Studdert made their way to Santa Rosa last week and were quietly married. Soberanes is a well known horseman and famous as a buckaroo. The happy newlyweds are honeymooning in El Verano, registered at the Helvetia Hotel. Mrs. Soberanes is the daughter of City Assessor J. T. Studdert and Soberanes the son of Fire Commissioner Edward T. Soberanes of Petaluma. The eloping couple have returned to Petaluma and received the paternal blessing. Congratulations are extended by the writer and the many Sonoma Valley friends of the young couple. They will make their home in the Egg City.

To know how good a cigarette really can be made you must try a—

LUCKY STRIKE CIGARETTE

It's toasted

INTERESTED BY CELEBRATION; WILL LOCATE

Thomas Robinson and daughters of Oakland who became interested in Sonoma Valley through its fascinating Mission Centennial publicity came here for the first time during that week and were so fascinated with the Valley of the Moon that they plan to build a summer home here. They looked over some beautiful residence sites in the vicinity of the Springs and were most enthusiastic.

Robinson is a well known marine engineer plying between here and the Orient. His daughters are accomplished musicians, piano, violin and cello. The violinist is a pupil of Signor de Grasse. The family would be a decided acquisition to Sonoma Valley.

WANTED

Chickens, broilers, ducks and geese. Will pay 2c below quottations. Sweet butter full quotation.—Rosenthal's Resort. adv. 37tf.

LOST

I will ask no questions and pay full intrinsic value for the return of two breastpins that disappeared from the Sonoma Mission living apartments on the evening of July 4th. One is a cameo set in gold eagle claws with a gold back-bar, and the other an old gold lyre-shaped harp with hook for pendant.

A. J. BORIE,
Mission Caretaker.

L. F. Nieman Sonoma, Cal.

A MODERN SCHOOL FOR THE INDIANS

The construction of the new Indian school building for the Round Valley Indian reservation for which bids were opened May 21, has been awarded to the firm of J. G. Leibert of San Francisco at their bid of $17,800. The building is to be of concrete six inch walls reinforced for the outside and interior to be two coats of hard wall plaster on metal laths, all to be stucco finish. The structure will have all modern conveniences for heat, toilets and water system and will contain three class rooms 25x32, library, wide corridors, entrances on both sides and front. It will be absolutely fireproof and the architecture of a design to make it a very attractive structure and is to be located on the main road between the town of Covelo and the Indian Agency. The capacity of the building will be about 90 to 100. The plans provide for a fourth room if such an addition is needed in the future. It is expected the school building will be ready for occupancy not later than October 15th and sooner if possible. The Indians are all highly pleased over their new school house and are already arranging for a great housewarming. — Ukiah Republican Press.

Mrs. W. J. Nebel of San Francisco enroute to visit relatives sojourning at Boyes Springs, met with a painfu accident this week when the car in which she was riding skidded on the Black Point cut-off. She was badly cut and is at Crane's.

STATE HOME DENTIST IS NOT RETAINED

Unless there is a change in plans on the part of the administration Dr. Leo McMahon, who, since 1911 has been state dentist in charge of dental work for the inmates in a nuumber of the state institutions, including the Sonoma State Home and the Ukiah and Agnews asylums, will retire from that position.

The administration budget did not carry the appropriation to meet Dr. McMahon's salary. This occasioned great surprise among the doctor's legion of friends who knew of the splen did and efficient work of his office for many years. There was some talk in budget quarters that the appropriation had resulted from a contenton that a saving might be made. This was questioned, however.

Dr. McMahon, who was asked as to his future plans, said he had not been definitely informed his services as state dentist were to be dispensed with, but no appropriation had been made.—Press Democrat.

APPLETON FAMILY IS VACATIONING

Mrs. Carrie Burlingame has gone to Tuolumne Meadows and the National Forest to enjoy the annual outing with the Sierra Club.

Dr. and Mrs. H. W. Gottenberg left this week for a motor trip north and up the coast. During their absence Mrs. Horace Appleton will look after Mrs. Hannah Appleton's comfort.

A family reunon was enjoyed at this pioneer household during the celebration, the Horace and Will Appleton families both being here for the fiesta.

ACCIDENTS REPORTED

L. Mouyer, well known real estate man of Verano, badly bruised his leg one day this week and has been under the care of Dr. Hays.

Mrs. Catalani of Buena Vista is recovering from a painful accident in which her hand was badly cut by glass.

J. Acquistapace, the dairyman, met with an accident while handling hay this week. His thumb was badly crushed.

Jack Foster of the Alameda Fire Department was badly bruised and suffered a sprained ankle while volunteering on a run to a fire with the Valley Angel. In dashing around a corner, he fell off the engine. Dr. Hays rendered first aid to the fire laddie from the Encinal City.

NOTICE TO THE PUBLIC

Having disposed of the Old City Bakery to W. Weiler of San Francisco, I am retiring from the business and wish to thank the public for past generous patronage and I bespeak for my successor a continuance of the good business accorded me. Mr. Weiler is a good baker of experience and comes highly recommended from Ocean View, San Francisco, where he was formerly in the baking business. He takes possession of the Old City Bakery today, July 14th.

O. RUEFLI.

ANOTHER SUIT TO RECOVER PROPERTY

Suit was begun in the Superior Court at Santa Rosa Monday by Emma Merriam an alleged incompetent, through her guardian, the Central National Bank of Oakland, against Otto H. Brandt for recovery of a 475 acre ranch and for damages in the sum of $8000. This is the second action begun by Miss Merriam against Otto Brandt. She alleges the property was obtained from her by exercise of undue influence.

DAKOTAN MAY LOCATE HERE

L. E. States of Crosby, North Dakota who became interested in Sonoma Valley through literature sent to him by Charles LaTorres, former secretary of the Sonoma Business Men's Association and who then subscribed to the Index-Tribune, has come here and is looking at property with a view to locating here.

Mr. States kept in constant touch with Sonoma for the past year through the Index and declares that as the Mission celebration time came he determined to come to California.

SONOMA'S COMEDIANS

No small part of the success of the Mission Play was the comedy which served os a contrast and "let down" from the intense dramatic and religious climaxes of the drama.

This comedy element was very nicely woven into the play by its writer, Garnet Holme, and was in the hands of clever local comedians, Ralph Hotz and Roy Bill. The ease and nonchalance with which these two handled the roles of Spanish soldiers would have done credit to professionals.

CENTENNIAL PAPERS FOR ACADEMY OF SCIENCES

Sonoma Index-Tribune,
Sonoma, California.

Editor:—

Please send to the Academy of Sciences, Golden Gate Park, San Francisco, two copies of the Index-Tribune's Mission Centennial Number, containing the "Reminiscenses of Old Sonoma," written by Otto von Geldern, one of the vice presidents of the Academy.

STATE HOME GIRL TRIES SUICIDE

Miss Edna Larson, Sonoma State Home inmate who was employed at a Santa Rosa residence, swallowed poison Monday in what is believed to be an attempt at suicide.

The girl, 28 years old, was rushed to a hospital when her condition was discovered. She was attended by Dr. Mooney. A stomach pump was used to get the poisonous fluid from the girl's stomach.

Miss Larson was a trusty from the institution at Eldridge and had been doing housework at a Santa Rosa home. The residents for whom she was employed can ascribe no motive for the act.—Press Democrat.

Mrs. Charmian London writes of delightful days in Denmark where she is visiting with a party of friends and being entertained by the former Danish consul to San Francisco.

Mr. and Mrs. Willis (Gertrude Enos) of Napa county motored over for the Mission Play. The Willis wedding was a society event in Sonoma some 30 years ago.

Mr. and Mrs. Arbogast witnessed the Mission Play and pronounced it more impressive and dramatic than the Mission Play of San Gabriel which they had witnessed.

Mrs. P. McMullen of Glen Ellen was in Sonoma Monday in the interest of tonight's Jack London memorial benefit dance. Mrs. McMullen is a gracious member of the Improvement Club of Glen Ellen.

Many golfers took advantage of the links at the Valley of the Moon Golf and Country Club during the recent celebration.

F. W. Naden and family of Fresno have been sojourning at their country home here. Despite big interests in Fresno county, Mr. Naden declares Sonoma Valley climate and scenery make it the ideal residence place.

BENEFIT VAUDEVILLE, DANCE FOR ST. FRANCIS

The annual vaudeville show and dance for the benefit of St. Francis church will be held at the Boyes Springs Theatre Friday night, July 27th. The entertainment is always looked forward to as high class artists from San Francisco come each year to assist Father Byrne in raising money for parish improvements.

This year the completion of the handsome new church and the payment of indebtedness thereon is a double incentive for large attendance.

Details of the program and personnel of the orchestra will be announced later.

Mrs. Steiger of San Francisco, who is visiting relatives at Schellville, fell while out fishing along the creek this week and broke her ankle.

A PIONEER'S GRANDSON WAS THE BRIDEGROOM

Another pioneer family represented in the Sonoma Mission Play was Robert J. Poppe, son of Mr. and Mrs. Julius Poppe and grandson of Mrs. J. A. Poppe, probably the oldest living settler in this vicinity. Mrs. Poppe came here in the early fifties and is now 94 years of age, just six years younger than the Mission.

Her grandson, who recently graduated from the Sonoma High School was cast as the handsome young American bridegroom of the brilliant wedding scene in the second episode of the Mission Play.

Mrs. Frances Lawler Williams of Petaluma, daughter of the late P. Lawler, was among the interested visitors here for the Mission Centennial celebration.

Everywhere—Royal Cords
United States Tires are Good Tires

THE growing number of Royal Cord Clinchers you see on the roads gives an idea of how many car owners there are who want the best tire money can buy.

There weren't near enough Clincher Royals to go around last year.

This year—even with the production more than doubled—you can best be sure of them by taking them *at the moment.*

SHOULD ENCOUARGE SONOMA DEVELOPMENT PROGRAM

Sonoma Valley has gained obvious momentum as a result of the money expended on the Mission Centennial which through its splendid publicity attracted the attention of the entire country to this locality. The results were a hundredfold more than the money put into it. To have bought and paid for the publicity Sonoma received during the pre-Centennial days would have required an amount of money which would have embarassed communities many times as big and prosperous as our Valley.

The campaign fostered by Californians, Inc., no doubt helped in the accomplishment of the splendid work for the upbuilding of Northern California and the stressing of its attractions and advantages are attuned to present newspaper policies, both the metropolitan and country press uniting in the effort to put Superior California on the map.

Sonoma's claim to attention, and invitation, had genuine merit. It had the unique distinction of introducing to the public the State's most northerly Mission on its one hundredth anniversary. It had the added advantage of the opportunity of a call to see the famous Valley of the Moon, whose beauty was known of mostly through fiction, but whose real charm had been hitherto entirely unexploited, so the press of the entire State, even in Los Angeles, got behind us, and visitors who did not get here for the Centennial will surely come, for the lure of that publicity means an eventual pilgrimage to the Mission and Jack London land.

Those who did come and witnessed the Sonoma Mission Play, viewed our landmarks and became acquainted with Sonoma Valley's mineral springs hills and orchards, were enchanted and will come again.

Following in the wake of the very certain development program set in motion by the celebration are new projects which will undoubtedly take on added momentum as a result of it. Sonoma has attracted the attention of toy manufacturers as an industrial locality and has commended itself so thoroughly after investigation that a going concern of Southern California is on the eve of coming in here with its plant and payroll. The beautiful dolls and novelties put out by this concern have already a wide and growing market and it is pointed out that Sonoma, only two hours ride from San Francisco, is an ideal place to which the trade could be brought to inspect the factory. Necessary raw materials, water, terminal freight rates and other requirements of the manufacturer are all met by Sonoma.

Greatest of all on the program for Sonoma Valley's expansion is the magnificent Spanish type tourist hotel, The Mission Inn, backed by capital recently interested in Eastern financial centers. While a portion of the capital necessary to the building of the $400,000 project must be raised here to show local faith and confidence in the undertaking, we believe its financing will be an easy matter The absorption of Boyes Springs and improvement of its already famous mineral baths connected therewith, is the nucleus of a solid business proposition and one which will mean more to Northern California and particularly Sonoma Valley than anything ever projected for its development. In addition to the magnificent properties of The Mission Inn in Sonoma Valley, including the 238 acre site of the new hotel and golf links, it has to commend it the backing of successful men of big business experience. These men will put The Mission Inn over and put it over big if given the support and cooperation they have a right to expect in this territory.

SONOMA'S PROUD RECORD OF LAW AND ORDER

With riots on ferry boats, rowdyism down the Peninsula, at Mill Valley and at the Russian River resorts over the Fourth, it was a proud record that Sonoma Valley with its immense crowds, had for law and order. There were no fights, thefts or speeding cases during the entire five days of Sonoma's celebration, either in town or up the Valley.

Chief Prohibition Director Rutter was here at the time and saw for himself the splendid manner in which our public resorts are conducted. It is reported that Rutter was invited to come during the Centennial and get first hand information about how the moon shines in our lovely Valley and to discount stories of suspicious trouble makers that Sonoma was attracting vast crowds because she had more than moonlight to offer. Many private homes, of course, dispensed hospitality on tap since 1910 and the age and high quality thereof probably had much to do with the fact that there was no boisterous, unseemly rowdy conduct on the part of any Sonoma visitors during the big party here. In localities where prohibition liquor flowed free the record was very different.

THEY SPROUTED WELL HERE, SAN FRANCISCO

San Francisco is to have a Whiskerino Club for the Pony Express celebration. The whisker sprouted well here, neighbor. If you want any pointers on styles, such as Vallejo chops, Sonoma will cheerfully give same. Anything we can do to aid and abet whiskers, call on us.

Here is what the Chronicle says of the plans of the San Francisco Club:

"Plans of the Whiskerino Club of San Francisco indicate that when the spirits of the men of old troop back to California with the pageant of the revived Pony Express from St. Joe they will not feel lonesome.

"They will be greeted with men of hirsute pride like unto their own—whiskers to right of them, whiskers to left of them, rippling and waving; whiskers patriarchial and whiskers kittenish, whiskers bristling and whiskers silky, whiskers aggressive and whiskers placid, whiskers fiery and whiskers drab, whiskers decorative and whiskers monumental.

"It is amazing how this idea catches on wherever it is started. Sacramento, where it originated, founded on it the whole success of its Forty-nine celebration. Sonoma, more recently, has been made picturesque, romantic, by the chin crops grown for the occasion of its centennial fiesta.

"And now the Whiskerinos of San Francisco are pulling down their side curtains and putting up their windbreaks. Doubtless they will achieve something superwhiskerial. San Francisco knows how."

EASTERN CAPITAL BACKS NEW HOTEL FOR VALLEY

(Continued from Page One)

big hotels of San Francisco are usually sent down south for outdoor life, golfing, swimming, etc. The great advantage of keeping this tourist trade much longer in California than they otherwise would remain can easily be seen, and it is agreed by hotel men that if a place such as proposed by this corporation be available the tourists would return after a visit to Sonoma Mission Inn for another stay in San Francisco. If they go to some hotel south they rarely return to San Francisco until the following year. It is but a two hour auto run from San Francisco to the hotel grounds by way of the Golden Gate Ferry at the foot of Hyde street and the Black Point cut-off, via Sonoma.

Can you imagine a situation where it is posible within two hours from the heart of San Francisco to reach a wonderful hotel like will be built in the Valley of the Moon? The history of successful tourist hotels shows the average traveler of means wants comfort and service, together with good golf links and swimming. Golf will be a feature at the Sonoma Mission Inn and the baths will attract thousands who would otherwise go to Southern California for tourist hotel accommodations.

Sonoma is one of the wonderful old romantic places of California where the farthest northern Mission was erected by the padres 100 years ago, and the old building is standing there today, a monument to the memory of those men who made California an important link in the chain of civilization.

The Valley of the Moon so named by Chief Che-wah-neh and made famous by Jack London, is one of the most beautiful places in the world and during the next few years will attract thousands upon thousands of tourists. Adequate hotel accommodations must be provided for these people, and it is with this in mind that Sonoma Mission Inn, Inc., will build this wonderful hotel

The officers and directors of the Company are:

Harry E. Speas, President,
R. G. Lichtenberg, Vice President,
Oscar H. Klatt, Secretary,
Aven H. Hanford, Director,
W. I. Fitzgerald, Director,
Arvid H. Bergstrom, Director,
Dudley D. Sales, Director and Chief Counsel.

MacDonald and Couchot are architects for Sonoma Mission Inn.

GIFT BELL RINGS OUT

The handsome bell for the new St. Francis church which is a gift from Sam Sebastiani and is inscribed with the name of the Sebastiani family, rang out clear and sweet on Wednesday morning. It is a substantial gift and the generosity of Mr. Sebastiani is much appreciated by the parish of St. Francis.

VINEBURG NEWS

Mr. and Mrs. Frank Groskopf are now driving a new Chevrolet car.

Messrs. Fred Batto and A. Figone transacted business in Petaluma on last Thursday.

A nice dual birthday party was held at the residence of Mr. and Mrs. John Batto on Tuesday, July 10, it being the natal day of John Batto and also that of his grand daughter, Miss Rosalie Figone of San Francisco. All present had a good time and wished the guests of honor many happy returns of the day.

Vineburg folks are well pleased at the showing made by their native daughter, Miss Florence Forni, and also Pierre Rouquie, at the recent Mission Centennial Play. Both of the young people possess fine dramatic ability.

Mr. and Mrs. A. Finck of Oakland are spending their annual vacation in the Valley of the Moon and are the guests of Mr. and Mrs. Louis Martin at Vineburg.

Miss Iris Estment is at present the guest of her father, Clifford J. Estment, at the Summit Hotel, Placer county.

James Festino, one of our local capitalists, paid his semi-annual visit to San Francisco the fore part of the week to look after his real estate interests and feel the pulse of the money market. He reports real estate brisk and says money is easy, that is to say, easy to spend but hard to get.

Mrs. Leveroni and sons and Mrs. M. Leveroni and children of San Francisco were guests of Mr. and Mrs. John Batto on Thursday.

Messrs. Al Finck and Louis Martin motored to St. Helena Thursday and on their way stopped at the principal places of interest in the Napa Valley.

FORD TO INCREASE HIS MANUFACTURIING PLANT

Requirements of the Ford Motor Company for increased manufacture will bring a rapid expansion of the Company's plant at Green Island, N. Y., it is announced.

When the plant is ready to operate at its full capacity it will take its place as one of the dominant manufacturing institutions in the country, the announcement says, and in the volume of production will be second only to the Detroit plant. A feature will be the employment of farmer help during the winter months, permitting them to work on the farms during the summer.

At present production is limited to that of radiators and ring gears, employing 625 men, but this force will be increased as soon as new machinery is installed.

A new department will soon be opened for the manufacture of springs and will give employment to 400 additional men.

Extensive improvement and development of the waterways in the Green Island section also is contemplated by the Ford Motor Company and will include an all-water route to Detroit. The property will be flanked by a massive concrete water front and this dock system will be equipped with cranes and other paraphernalia to be employed in extensive water shipments.

Construction of all new Ford plants on sites with abundant water supply is significant of the part navigation and electrical power will play in the future expansion program of the company.

The Green Island hydro-electric plant, erected in 1921, after the government granted permission to the company to utilize the power from the dam at Troy, now houses four uniquely designed low head turbines which are the largest of their type in the world. They operate as double current generators, producing both alternating and direct current. The capacity of the power house is 8000 horsepower.

The plant area at Green Island is 189 acres and the manufacturing building is 120x1100 feet. It is operated exclusively by electricity even to the heating.

VERY GOOD, EDDY!

Elford Eddy, "wild" of the San Francisco Call, whose interest in Sonoma's celebration will ever be appreciated, writes us that Police Chief Dan O'Brien of San Francisco was on a recent trip with Eddy to the Hetch Hetchy and lamented plenty plenty that he was not back from the East in time for Sonoma's big party. Ex-Mayor P. H. McCarthy, also at Hetch Hetchy, rejoiced with Eddy that he had the good fortune to be here and see the Play.

Very good, Eddy!

ASSISTING FATHER BYRNE

Father Arbez, who is assisting Father Byrne at the St. Francis church, speaks both French and German. He will hear confessions in both languages on Saturday evenings and before the 7:30 and 10 o'clock masses on Sunday mornings.

FIRE! FIRE!

The week had its usual quota of fires and the great utility of Sonoma Valley's splendid fire departments was repeatedly demonstrated. Tuesday the Sonoma department siren sent the engine speeding to the westerly limits of town where quick action put out a grass fire and saved a barn and a small house on the McAuliffe tract.

The new alarm box is located on the telephone pole at Clewe's corner. The siren on Clewe's building will later be changed for a more powerful one to be placed on a tower at the telephone office.

Last Saturday evening the Boyes Springs and Valley Department, Chief Cause in command, was summoned to Buena Vista. The call was late in coming in and the distance great, but the fire was put out and there was no property loss. A number of the firemen suffered damage however, by acquiring bad cases of poison oak.

Monday afternoon Chief Cause's men were called to the railroad right-of-way near Sonoma Grove where several homes were endangered. No damage.

Miss Constance Power of San Francisco has been a guest at the Dr. A. M. Thomson home. Miss Power is a talented pianist and has promised to play at the Woman's Club some afternoon this fall.

Why let a LOW PRICE keep you from using the BEST?

Thousands of tests in our laboratories and on the road have shown conclusively that Zerolene, which is made from carefully selected Western Naphthenic Base Crude, transported in separate pipe lines to our refineries and then refined by our exclusive high-vacuum process, *forms less carbon, gives greater gasoline mileage, and reduces friction and wear to a greater extent than any other automobile lubricant we have seen and tested or been able to produce.*

Therefore we say, "Insist on Zerolene—even if it does cost less."

STANDARD OIL COMPANY (California)

30% less CARBON

5% more gasoline mileage

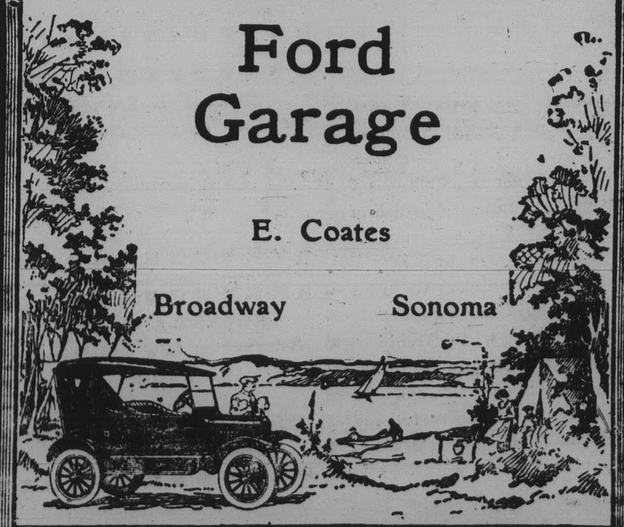
Broadway Sonoma



TRIAL OF DOCTORS STARTS THIS WEEK

(Continued from Page One)

ed and held the stand all Wednesday afternoon.

Thursday's witness was Dr. A. M. Thomson, Sonoma physician and surgeon, who examined and treated Mrs. Prestwood shortly before her death.

Dr. Thomson stated that Mrs. Prestwood, when examined by him two days prior to her death, did not exhibit any symptoms that would indicate an immediate operation necessary, although he stated that a healthy and normal condition of the patient did not exist.

Henry Cailleaud, father of the dead woman, told the court of his daughter's condition prior to the operation said to have resulted in her death. He stated that she was in good health and apparently in good spirits, except that she exhibited signs of nervousness and excitement the day prior to the operation when Dr. Morris of Petaluma is said to have advised an immediate operation.

The jury trying the case is composed of six men and six women, selected after exhausting a venire of 65 talesmen and a special venire of 30 names. The jurors are:

Mrs. Minnie Morenzoni, Mrs. Maud McFarlane, Mrs. Ruth Dudley, Mrs. Emily Gallagher, Mrs. Lillian Cline, Mrs. Edith Jenkins, Henry J. Dado, Passalacqua, T. Boone Miller, Herbert Mothorn, Emidio Filippini and Alfred Pannel.

The court room has been as crowded during the trial as it was during the selection of the jury. An eager throng of sensation seeking people, both men and women, await the opening of the court room doors each morning and throng the spectators' seats at the opening of the trial.

Rodney Prestwood, husband of the dead woman, Blanche Bianchini of Sonoma, and Mrs. Rosette Cantell of San Anselmo who accompanied Mrs. Louise Prestwood for the alleged illegal operation, were the witnesses examined Thursday. The case was continued to Monday morning.

The husband testified that Dr. Morris informed him after the death that a condition had been discovered which required a capital operation, and that the patient died while he was awaiting her return to consciousness to give her the information.

FORMER SONOMA GIRL WAS MATRON OF HONOR

One of the pretty June weddings took place on Saturday evening, June 30th, at the home of Mr. and Mrs. John Golds of Napa, when Miss Muriel Golds, a cousin of the Volquardsons became the bride of J. J. Fann. The home was beautifully decorated with Shasta daisies ond ferns, and the wedding ceremony was performed by Rev. Martin.

The bride was gowned in white lace and pearls and carried a bouquet of white bridal roses and wore a veil of net. The matron of honor, Mrs. G. E. Rahm, wore a becoming dress of pink silk. Howard Golds was best man for Mr. Fann.

After the wedding the bride and groom left on a motor trip and after their return they will make their home in Napa

CENTRAL BANK'S NEW BUILDING AT VALLEJO

A handsome, modern and complete bank building is to be erected at Vallejo by the Central Commercial and Savings Bank of which Sonoma has one of the four branches. The main bank at Vallejo will have one of the finest bank buildings in northern California. Construction starts August 15 and the contract calls for completion by December 31, when the public will be invited to inspect the new home of this growing institution.

FORMER GLEN ELLEN GIRL HAS DAUGHTER

Mrs. Hilda Ranker Dudley of San Francisco wanted her first born to have the Valley of the Moon for its birthplace so she came to Crane's Sanitarium where a pretty baby girl was born July 3rd. Dr. Thomson was in attendance.

RADCLIFFE TO BE INVITED TO VIEW SONOMA MISSION

George G. Radcliffe, the recently elected head of the State Board of Control will be invited to come to Sonoma some time in the near future to view the Sonoma Mission and its needs. Governor Richardson at the close of the Legislature signed the bill appropriating $2000 yearly for the upkeep and improvement of this state landmark and it is thought to be wise procedure to invite the chairman of the Board of Control here and have him personally become acquainted with the expenditure plans of the local Mission Committee.

Mr. Radcliffe while closely allied with the Governor's economy policy, is a progressive business man and enthusiastic Californian. He will be quick to appreciate the plans for the improvement of the Mission and will no doubt facilitate the availability of the appropriation when he sees the modest sums asked for the various needs. The Sonoma Mission has lately received magnificent publicity due to the effort of Sonoma Valley's citizens in commemorating the centennial and from now on it will be the mecca of greater crowds of visitors than ever before. Contemplated improvements include the strengthening of the east wing of the old church undermined by poor drainage in the winter, drainage and water pipes, beautification of the grounds now grown to weeds and thistles, restoration of the choir loft in the church proper and salary for the care taker, the latter item heretofore taken care of through local subscription.

Mr. Radcliffe will be suitably entertained if he can be induced to come to Sonoma and with him will be invited Senator Slater and Assemblyman Fulwider.

MRS. RAE HUNTER WELCOMED HOME

Mrs. Perle Hunter, prominent and popular matron is home from Lane hospital where she underwent an operation. A large circle of friends rejoice in her convalescence and early return to Sonoma. Mrs. Hunter is president of the Sonoma Valley Woman's Club.

VISITORS AT THE ED STEIGER HOME

Mrs. H. A. Bayler of San Francisco has been visiting at the home of her father, Ed Steiger and wife, of Agua Caliente. Mr. and Mrs. P. W. Lincoln and family also of San Francisco were also visiting at the Steiger home Mrs. Lincoln, a prominent club woman of the metropolis, was formerly Miss Lily Steiger.

BEAUTIFUL ARTIST IS VISITOR HERE

Mrs. A. Bianchi and two sons of San Francisco have been spending their vacation with their relatives, Mrs. S. Cuicci and daughter. Mrs. Bianchi is a vocalist of renown and a true artist who is always welcomed to Sonoma by a large circle of friends.

VALENTE & STUERMER BROUGHT IN 1200 PEOPLE

It is estimated that the Valente & Stuermer auto bus transported no less than 1200 people during the Centennial. The San Rafael-Sonoma Valley service was very popular and made many trips to accommodate the big crowds.

SPEED, OLD AND NEW

Charles Cutter, mounted on the hurricane deck of the high bike he rode to school in the eighties, attracted much attention during the celebration. Mr. Cutter, now a leading orchardist of Sonoma Valley, drives a fine car but he is still proud of his first wheel.

CARD TO THE PUBLIC

The Methodist Ladies Aid Society herewith desires to express thanks and appreciation to the public for generous patronage and to the press for cooperation in making the luncheons served during the centennial so successful a part of the entertainment of our celebration visitors.

PROMINENT PEOPLE AT MISSION PLAY

Capt. and Mrs. Zachary of Ukiah came down from Mendocino county for the Centennial and with their hostess and friend, Mrs. R. J. Snyder, attended the Mission Play Tuesday evening. Mrs. Snyder gave the timbers for the Mission bell posts and was also a substantial contributer to the celebration fund. She was further interested in the Mission Play from the fact that her mother, Mrs. Franklin Seare was a prominent character in the Bear Flag incident of the drama. It is a matter of history that Mrs. Sears, pioneer mother of 1846 gave the unbleached domestic, (manta cruda) to the Bear Flag party for the original flag of the Bear Flag Republic.

ADVERTISE FOR BIDS ON SCHELLVILLE HIGHWAY

Division Engineer Skeggs of the California State Highway Commission is authority for the good news that bids for the construction of the Schellville-Santa Rosa highway between Schellville and Beltaine are being advertised for. The highway between Santa Rosa and Beltaine is now being built and will be finished by October first.

A BIG EDITION

The Sonoma Index-Tribune Mission Centennial edition has been sent to many points throughout the United States and to Europe. Yesterday, A L. Monotti sent a copy to Switzerland

Copies may still be secured at this office, wrapped for mailing, 10c each.

LOCAL AND PERSONAL

Mr. and Mrs. L. J. Volquardsen, their daughter, Joan, and Mr. and Mrs. G. E. Rahm were up from the city over the Fourth, attending the Sonoma celebration.

Mr. and Mrs. Walter Bundschu left for an outing to Lake Tahoe this week.

Miss Florence Johnson of San Francisco was up over the Fourth, visiting her parents, Mr and Mrs. Lucien Johnson of Eldridge.

Mrs. Ben Myers of Schellville is recovering nicely from a capital operation at Crane's Sanitarium.

Mrs. J. Rackheby gave birth to a pretty baby girl on July 4th at the Crane Sanitarium.

Mrs. Smith and two children have arrived from Stockton to join Mr. Smith of the Central Commercial and Savings Bank.

Mesdames Siegler of San Francisco and Merle of Alameda and Miss Elisa Feigerd of Alameda were guests of Mr. and Mrs. Abele during the Centennial.

Mr. and Mrs. R. Poppe of Oakland are camping with Mrs. Poppe's folks, the Dr. Swisher family, of Healdsburg who have a camp on Mills Creek at Barrel Springs.

M. F. Cochrane, prominent Democratic politician and editor of Marin county, was a well known visitor in Sonoma during the Centennial.

FIRST SONOMA APPLES SOLD IN SAN FRANCISCO

San Francisco, July 11—The first packed Red June apples arrived from Sonoma Valley and were sold at from $3 to $5 a box.

Closing Out Sale

G. & C. POULTRY FARM TO BE ACCREDITED

By MELVIN W. BUSTER
Assistant County Agent

Day by day in every way the Sonoma County Farm Bureau accredited hatchery project is getting bigger and bigger and of greater and greater value to the poultry industry in the county, and in fact, the entire Pacific Coast section. One other hatchery, that of the G. & C. Poultry Farm (Gregrich & Callahan) made application for admission to the accredited hatchery list effective November 1st of this year. They are now ordering their pedigreed cockerels and culling their flocks to meet the requirements of the accredited hatchery project. Their hatchery capacity is 14,000 eggs per setting.

Most of the pedigreed cockerels needed to supply the accredited hatchery breeding flocks for next year have been ordered. To date nearly 9000 pedigreed cockerels have been delivered and E. R. Temperli, inspector of the accredited hatchery project, states that the quality of these cockerels is much better than those delivered last year. Only one complete shipment of 225 cockerels was rejected on account of colds and general weakness, whereas in the case of most of the other deliveries of cockerels the culling was comparatively light. One of the finest shipments of cockerels purchased outside the county came from the Napa County Farm Bureau Poultry Club. Two hundred and fifty cockerels were purchased from this Club

The inspector is now very busily engaged in inspecting all the breeding flocks to check up on culling and see that all undesirable hens are eliminated from the flocks.

TOLL BRIDGE COMPANY FOR CARQUINEZ STRAITS

Announcement is made by Oscar H. Klatt, vice president of the American Toll Bridge Company, of the acquisition by that Company of the so-called Hanford-Klatt enterprises in California.

The new corporation, organized under the laws of Delaware, May 28th, acquires the Rodeo Vallejo Ferry Company the Carquinez Straits bridge franchise and the Delta Bridge Corporation assets.

According to Klatt, the entire issue of stock in the American Toll Bridge Company has been underwritten by a firm of Philadelphia and New York bankers and will not be offered for sale.

Those persons in California who became interested in the straits bridge project in the pre-organization days will be allowed to participate in the activities of the company as will those stockholders in the Rodeo Vallejo Ferry Company and other activities of the organizers of the bridge company, if they desire.

The officers and directors of the American Toll Bridge Company are; Aven J. Hanford, president; Oscar H. Klatt, vice president; William H. Burr New York; R. M. Horn, Cloverdale; T. J. O'Leary, Chockett; Charles Cline, Benecia; W. Gentry, Berkeley.

Work is being rushed on the bridge in anticipation of completing it well within the two years limit set by the engineers.

DAIRY DAY AT COUNTY FAIR WILL BE AUG. 16

At a joint meeting held in Petaluma on Friday of last week, the Dairy Industry of Sonoma and Marin counties was given a big boost by the plans for various events in the near future.

The pure bred sire campaign which was so successful last year and resulted in placing 115 pure bred bulls on the farms of the district, will be again repeated this fall.

A banquet is planned for the purchasers of pure bred bulls of last year early in August in Petaluma, at which time detailed plans will be laid for the fall campaign.

August 16th has been designated as **dairy day at the Sonoma County Fair** and will be featured by a big dairy cattle parade, dairy cow production demonstration as well as a demonstration of the value of pure bred sires.

H. H. Hunt has been here from Los Angeles on business connected with his residence tract. He disposed of two lots while here.

REDWOOD GROVE SAVED AS PIONEER MEMORIAL

A wonderful tract of giant redwoods on the California State Hghway near Orick, Humboldt county, and about 60 miles north of Eureka, has just been given to the State of California as a memorial to Humboldt county's pioneers: It is the gift of Mrs. Zipporah Russ of Ferndale, Humboldt county, in memory of her husband, Joseph Russ, who came around the Horn to alifornia in 1852, and also in memory of all the early settlers who helped to build up Hum boldt county and the state. Mrs. Russ, as a young girl, crossed the plains with her family in 1853. The tract contains 166 acres and has a stand of close to 30,000,000 feet of redwood, as well as much other timber. It is admirably situated on the State Highway above Orick and is crossed diagonally by Prairie creek, a good sized stream which adds to the beauty of the grove and to its advantages from the park and recreational standpoint.

This gift has just been announced by J. D. Grant of San Francisco, the chairman of the Board of Directors of the Save the Redwoods League.

The Humboldt County Pioneer Memorial is deeded to the State to **be held forever as a public redwood** park, and it is stipulated that the timber thereon shall never be cut or destroyed, but that the tract shall be kept in its natural condition. By the roadside a granite boulder will be placed and on it a bronze tablet bearing this inscription:

"This grove is a memorial to the pioneers of Humboldt county, a gift to the State of California from Zipporah Russ, a pioneer of 1853, in memory of her husband, Joseph Russ, a pioneer of 1852.

Late this summer appropriate exercises will be held dedicating this grove to public use.

AMERICAN LEGION NATIONAL CONVENTION

California is preparing to demonstrate her advantages to the 150,000 world war fighters expected to attend the American Legion's National convention in San Francisco next October. Citizens from outlaying cities and towns, industrial and commercial centers, farming regions and the ranch country will assemble in the convention city to welcome the visitors.

California's products and her assets of wealth are to be displayed effectively in a large electrical parade to be held on one of the evenings during convention week. Every county in the state will be represented by floats bearing typical exhibits, enhanced by groups of pretty girls and ornamented by electrical effects. One hundred bands, representing cities and towns, many of them from Legion posts, wll march in the procession. Visiting Legionnaires, who will have marched in the customary military parade on one of the Convention mornings, will be permitted to sit on the side lines to watch the California boosters demonstrate their state pride.

Working through Morgan Keaton, California state adjutant, Chambers of Commerce and Legion Posts throughout the State are preparing to spend $250,000,000 on floats for the night parade.

ATTENDED SONOMA FETE

Mr. and Mrs. V. W. Giorno motored to Sonoma on Friday, June 29th, to be present at the opening of the Centennial of the founding of the Sonoma Mission in 1823. They returned Sunday evening very enthusiastic over the beauty of the outdoor production in which 300 characters took part. R. R. Emparan, grandson of General Vallejo, took a prominent part and Mrs. Emparan, daughter of the famous general, sang in Spanish at each performance. Victor Giorno, formerly of this city, was one of the cast. On Sunday, July 1, at the mass held in the amphitheatre over 3000 persons were present when Archbishop Hanna delivered his impressive address. At the service Vincent and Victor Giorno sang Veni Creator and Vincent Giorno sang Ave Maria.—Ukiah Republican Press.

DODGE MOTOR CARS ARE LONG LIVED

One of the principal items for consideration in the purchase of a motor car, is the life of its efficiency. In buying a motor car today one should not consider that the purchase price is for one year, but should select his car and anticipate in the selection his purchase price is to cover a period of from five to seven years. This, of course, applies to the far-seeing and thoughtful purchaser, who takes into consideration the character and reputation of the builder, as well as the character and stability of those who are entrusted with the distribution of the car selected.

The price of an automobile is the original factory list price, plus the freight and war tax, pls the pukeep, and lastly—plus the depreciation that must be taken when the car is brot to the second hand market. If your automobile cost you a thousand dollars and you drove it a year, then sold it for $500, your automobile really cost you $1500.

It is a known fact that, principally through the long life of a Dodge motor car, the depreciation and the up keep are far less than any car on the American market today. This is due not only to the reputation of the builders and distributors, but to the fact that the car represents quality and is built up, and not down, to a price.

The local distributor, J. H. Williams of Santa Rosa, advised that there is at present an acute shortage in some types, owing to an unprecedented demand in this price class and while carloads are being received regularly from the factory, there is yet an insufficient quantity shipped to take care of the increasing demand. It is hardly a matter of selling, in the distribution of Dodge motor cars but a matter of sufficient production. Dodge Brothers today are building more cars than ever before in their history, and the old story about the saturation point being reached has long since been superceded by the demand to ship more cars.

Miss Alice Milford of Santa Rosa was the guest of her aunt, Mrs. P. W. Angove, over the Centennial, as was also Miss Helen Beveridge of Oakland.

Mr. and Mrs. Stanley A. Robinson and son, Cal, have gone to the Feather River to join the Fred Hansens on a camping trip.

Miss Francine Krueger, the little daughter of Mr. and Mrs. W. J. Krueger of El Verano, is visiting Mrs. J. Steadman of San Francisco. She will also take dancing lessons from the O'Neal sisters while in the city.

Mr. and Mrs. J. B. Parrent have been entertaining Mrs. Parrent's sister from Los Angeles.

QUALITY FRUIT WEEK

Quality Fruit Week will be observed at 32 points in the 25 counties in which the California Peach and Fig Growers operate, from July 16 to 21, it was announced by General Manager J. L. Reeder of the Association. Demonstrations, exhibits and discussions will feature the week's drive to secure the close co-operation of the grower members in placing on the market this year the finest pack of dried peaches and figs that has ever gone out of California.

The area in which the California Peach and Fig Growers operates has been divided into 14 sections and the members of the manufacturing department will conduct the demonstrations. Exhibits of the various grades of dried peaches and figs will be supplemented with uniform deliveries in every section.

The entire membership of 8500 growers has been asked to take an active part in the campaign and members are being urged to attend the meetings in their district. These will be held in the various plants operated by the Association and in outlaying districts at the receiving stations.

The move is actuated by two motives—an effort to reduce the cost of handling fruit through the elimination of the sorting charges to the grower and to inform the growers definitely regarding grades which meet with the greatest favor in American markets.

It is estimated by the management of the Association that returns to the growers for fruit delivered will be materially increased by careful sorting when the fruit is taken from the drying trays.

SALINAS BIG WEEK CELEBRATION JULY 18-22

Pagaentry, grown so popular in California of recent years, has been added to the menu for the fiesta of the California Rodeo and Salinas Big Week to be held July 18 to 22. The coming celebration will be Salinas' twelfth annual gesture of the kind. It will be the first time a pageant has been given as a Big Week attraction. The pageant, "Footsteps of Four Nations," will show the history of Monterey county in the periods of the aborigina Indians, the padres, the Mexican occupation and the coming of the Americans. The story will be told in nineteen colorful episodes.

From San Diego to Sonoma, many communities have resorted to historical pageants to acquaint friends, and neighbors and strangers from near and far with their background and their business. Santa Rosa celebrated Luther Burbank's golden jubilee with a pageant.

Sonoma put on a remarkable play in commemoration of the hundredth anniversary of the founding of the Mission San Francisco de Solano.

The Playcrafters of Salinas, under whose auspices "Footsteps of Four Nations" is to be produced on the evenings of July 19th and 20th, has tackled a pageant that does not confine itself to the history of one locality, but tells the story of a large county, the seat of California's earliest government. And this will be accomplished with the aid of all the larger communities in the county, including Salinas, Monterey, King City, Spreckels, Pacific Grove, Chualar, Gonzales, the Graves District, Prunedale and Corral de Tierra.

INCREASED PRIZES FOR EGG DAY

E. H. Maggard of the Petaluma Egg Day parade committee on last Saturday announced a material increase in the prizes to be offered for the decorated floats in the great annual parade for this year and there will be three large cash prizes for each class instead of two as previously announced.

For the best decorated auto there will be three cash prizes as follows: $100, $75 and $25.

For the best fraternal, labor, commercial or civic float, $150, $100 and $50.

For the best community, or district float, $200, $150 and $100.

HARVEY TOY RETURNS FROM BRITISH COLUMBIA

Increased motor tourist travel into California will result from the opening of the Banff-Windemere Highway in British Columbia, Harvey M. Toy, chairman of the California Highway Commission, told representatives of the California State Automobile Association this week on his return from the ceremonial opening of the road.

This road also makes the Canadian Rockies accessible to California tourists, Toy said.

"In the future," said Toy, "California will be the objective of motorists traveling south from Banff and Lake Louise as they can now come directly to California and San Francisco over the California Banff Bee Line Highway. Much of this traffic formerly returned to the United States through Montana and Idaho to Salt Lake City."

Toy represented California at the opening of the Banff-Windemere Highway and was the guest of the Minister of the Interior and the Commissioner of National Parks in the Dominion of Canada.

REV. MR. SHORT IS BACK FROM EAST

Rev. William S. Short, Episcopal clergyman, returned Saturday from a trip to the East. He left May 28th, and spent over a month in the East, visiting the scenes of his boyhood and college days.

After leaving Santa Rosa the rector made his first stop at Washington D. C., where he paid a visit to his son, who is an instructor at the U.S. Naval Academy at Annapolis. He arrived at the academy at graduation time and had the pleasure of witnessing the commencement exercises, held in the famous Memorial Chapel.

Mr. Short then went to Connecticut and visited his boyhood home. He stated that many changes had come about since his last visit, but that it still looked like home to him.

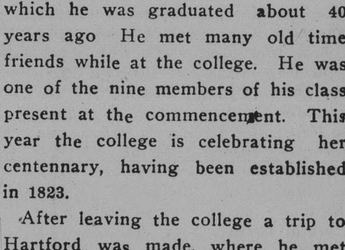
The rector then attended the commencement exercises of his alma mater, Berkeley Divinity College, located at Middletown, Conn., from which he was graduated about 40 years ago He met many old time friends while at the college. He was one of the nine members of his class present at the commencement. This year the college is celebrating her centennary, having been established in 1823.

After leaving the college a trip to Hartford was made, where he met many old friends and several relatives who made his stay there an enjoyable one.

The rector then attended the graduation exercises at Trinity college, which he had attended prior to going to the divinity college. While there he lived at his old fraternity house, and had the privilege of taking part in the commencement program.

Before leaving the East Rev. Short went to Boston where he visited a number of places of historical interest including Concord, where the battle of Lexington took place.

Short returned by way of Washington and Chicago, after stopping off at Annapolis for another short visit with his son



We recommend PACIFIC Plumbing Fixtures because they have never been excelled in quality by any brand in the entire world, and cost no more than inferior brands.

BUY SONOMA RANCH GET GOLD CROP

Arthur Kunde and Ben Behler of Glen Ellen, buy a 1500-acre ranch, the Bell property. This is not out of the ordinary, only as to the magnitude of the acres, but—Kunde planned a trip to New York. The day before he planned to start along comes a letter from a prominent mining man offering to take a term lease on the property for mining purposes.

While they were considering the contents of the letter, Mrs. Behler sold four chickens and reserved one for the table. They all had been raised on the Behler ranch. In cleaning one for the table, Mrs. Behler found in the gizzard about $5 worth of gold, supposed to have been picked up on some portion of the ranch. This find started quite a buzz among the owners, and it was promptly decided to for the present anyway, decline the mining man's offer. It was greatly regretted that all four chickens were not dressed, in place of being sold, as he contents of their crops might have added further testimony to the gold-bearing qualities of that locality.

The new owners of this property were unusually surprised to receive the offer of the mining men, and much more surprised to find his judgment backed up by revealing of the gold in the crop of a chicken.

This revives an old story of 1870 when some of the old prospectors started an incipient mining boom in that region. It may be that the erosion of time has uncovered something there that may yet add a new romance to the old mining days and make millionaires of Kunde and Behler, and revive the memories of Joaquin Miller, Bret Harte and Mark Twain. —Santa Rosa Republican.

THE O'DONNELL RANCH

Many guests are expected to spend Labor Day at the O'Donnell ranch, the most scenic place in Sonoma Valley. The ranch is at the head of Agua Caliente canyon and caters to families who enjoy real country life.

Classes of five in sewing. Mornings 8 to 12; Afternoons, 1 to 5.

We will help you cut out and teach you how to make your garments.

Ladies with children's sewing, Saturdays exclusively. $1 in class.

Skilled Instruction. adv.

Mr. and Mrs. Frank Edrington write of a fine trip to southern California. They were in Redlands, enroute from Los Angeles when last heard from.

Mrs. Dewey of San Francisco, former Sonoma resident and member of the pioneer Ringstrom family, has been visiting at the Shaw-Pemberton home.

Correct Lubrication For Oldsmobile "Eight" Model 45-B

Engine—2. Daily, or every 100 miles, pour fresh Zerolene No. 5 into crankcase through filler pipe until oil level gauge on crankcase registers "full." Avoid overfilling. Best results will be obtained if the oil level is maintained between "half full" and "full" marks on the gauge. To get a correct reading of the oil level gauge, the automoile should be approximately level and the engine not running. When engine is running, the oil pressure indicator on dash should show pressure which will vary with the speed and temperature of the engine. If no pressure is registered, the indication is lack of oil in crankcase, oil pump not working properly, or some obstruction or break in oil passages. The engine should immediately be stopped and the trouble located and remedied.

At regular intervals, as recommended by the manufacturer, or, in the absence of such instructions, every 750 miles, the oil in the crankcase reservoir should be entirely renewed in the following manner: First, remove drain plug in bottom of crankcase, allowing all old oil to drain. This should preferably be done when engine is warm, as the old oil when heated will drain faster, and less of it will adhere to the inner surfaces of the crankcase. Next, replace drain plug and pour four quarts of Calol Flushing Oil into crankcase through filler pipe. Then start and operate the engine under its own power at a moderate idling speed for from one to two minutes, by which time all oil passages and inner surfaces will have been cleansed by the action of the flushing oil. Again remove drain plug and when certain that crankcase is thoroughly drained, replace plug and refill crankcase reservoir with fresh Zerolene oil as specified. Approximately five quarts of oil are required. When filling the reservoir through filler pipe, care should be taken that no dirt or other foreign matter is carried into the engine with the fresh oil.

Every 2000 miles it is advisable to remove the lower crankcase and clean the oil strainer surrounding the oil pump suction pipe.

Clutch. If the clutch is slipping because of greasy or gummy condition of the leather, it should be thoroughly flushed with Pearl Oil (kerosene). With the engine running, the clutch pedal should be worked back and forth to allow the kerosene to cut and dislodge this greasy deposit. A small quantity of Auto Leather Clutch Oil should then be applied to the leather. If the clutch is inclined to grab by reason of the leather being hard or dry, apply a little Auto Leather Clutch Oil to the leather. The application of oil to the leather can best be accomplished by blocking the clutch pedal about half-way down. The clutch cone can then be revolved by hand and the oil applied to the leather at several points. Further turning of the clutch cone will distribute the oil evenly over its entire surface.

Electric Generator—1. Every 500 miles apply a few drops of Zerolene No. 5 to oil holes at each end of generator, giving front bearing slightly more than rear.

Distributor Drive Shaft—21. Every 500 miles fill oil cup on side of shaft housing with Zerolene No. 5.

Steering Gear Housing. Every 500 miles use grease gun to fill housing with Zerolene Cup Grease through plug hole provided.

Steering Gear Drag Link—17-23. Every 500 miles remove plugs from each end of drag link, wash out sockets with Pearl Oil (kerosene) and repack joints with Zerolene Cup Grease. Replace plugs and cotter keys, being careful to get proper adjustment.

Steering Knuckle Bolts—4-15. Every 500 miles fill oil cups on steering knuckle bolts with Zerolene No. 5.

Transmission—25. Every 500 miles remove oil level plug on side of transmission case, and if no oil runs out, use oil gun to inject fresh Zerolene No. 9 until it begins to overflow through opening. Then replace plug.

WILL ARRANGE MEETING FOR SONOMA DAIRYMEN

Joseph Vella of Mission Creamery in Correspondence With U. S. Cheese Specialist Who Will Lecture Here.

A lecture illustrated with slides and showing dairymen the advantages of producing and delivering high grade milk for cheese making is being arranged by H. R. Lockey, cheese specialist with the U. S. Department of agriculture, Dairy Division, through Joseph Vella of the Sonoma Mission Creamery. Mr. Vella will secure one of the school auditoriums and see that all dairymen are notified of the date of the interesting and instructive lecture. The following letter to Mr. Vella from M. W. Buster of the Sonoma county Farm Bureau will be of interest to our dairymen:

Mr. J. Vella, Manager,
Sonoma Mission Creamery,
Dear Mr. Vella:

We have just been informed that Mr. H. R. Lochry, cheese specialist with the U. S. Department of Agriculture, Dairy Division, will be in California for the period July 11th to 28th We are further notified that he will be available for a meeting of dairymen in Sonoma County on July 26th. We have decided to try to hold a meeting in Sonoma, particularly since patrons of your creamery would no doubt e very much interested in what Mr. Lochry might be able to give them concerning the problems of producing and delivering milk for the purpose of cheese making. He has a number of excellent lantern slides and will be prepared to give an illustrated lecture

If you will be good enough to arrange a place for the meeting, say either the High School or the Grammar School, and send us a lis. of the dairymen, we shall be very glad to send a personal notice of the meeting to each. Also, will you advise us whether you believe the meeting would be more satisfactory in the afternoon or evening.

Very truly yours,
Melvin W. Buster,
Assistant County Agent.

CARS SOLD BY ERNEST COATES, LOCAL FORD AGENT

The following local people have have purchased Ford cars this week through the local dealer, E. Coates.

Geo. Thompson, touring; Mrs. V. Peters, sedan; Harold Prestwood, coupe; M. Leixner, touring; J.H. Martin, touring; S. Button, sedan; Mrs. F. Alvin, sedan; H. Cordell, truck.

Mr. and Mrs. Harvey Manuel and daughters of San Francisco were among representatives of pioneer families who visited Sonoma during the centennial. Both H. C. Manuel and Captain Baettge, fathers of Mr and Mrs. Harvey Manuel, were pioneers of Sonoma Valley.

Mr. and Mrs. Gericke (Mamie Stevenot) of Tomales, Marin county, and the latter's sister, Leona, were guests at the Thomson home during the celebration.

Mr. and Mrs. H. D. Burmester have been entertaining their nephew, Herbert Tanner of San Mateo county and their niece, Anna Burmester, of Petaluma.

Mr. and Mrs. Ted Whitlow and son Robert, who are here from Arizona, were in town Wednesday from San Rafael. Mrs. Whitlow was formerly Miss Dorothy MacFarlane.

Doc Was Getting Rattled.

Dentist (to the frightened and obstinate one)—Now, for heaven's sake, madam, grit your teeth and open your mouth wide!

Revenge.

Revenge is a debt in the paying of which the greatest knave is honest and sincere, and, so far as he is able, punctual.—Colton.

Good for Burns.

Equal quantities of sweet oil and lime water mixed is a splendid remedy for burns.

Waste of Light in Movies.

Only about 1 per cent of the light produced in the motion-picture projector actually reaches the screen.

Heart Diseases in America.

Heart diseases rank first as the cause of death in the United States.

DEATH OF A MOTHER

Mr. and Mrs. E. G. Lynch of Point Richmond were summoned to Ukiah Thursday on account of the death of Mr. Lynch's mother. She was a pioneer of Mendocino county and before becoming an invalid from rhemmatism, had taken an active part in Farm Bureau economics and often made displays at the County fair.

Deceased raised a large family of sons and daughters, who with her husband, Dan Lynch, survive her. Mrs. Lynch's maiden name was Montgomery and she was a native of one of the southeastern states.

REBEKAHS WILL VISIT SONOMA

Petaluma Rebekah Lodge No. 226 met Wednesday evening and it was planned to install the newly elected officers at the next meeting, July 24th.

An invitation was received from the Sonoma Rebekah Lodge to exemplify the degree work and was accepted and a large number of members will accompany the officers and drill team to Sonoma on that night.

District Deputy President Mae Sutton, of Sebastopol will install the officers of Petaluma Lodge.—Argus

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received up to and opened at 7:00 o'clock P. M. on the 14th day of July, 1923, at the Sonoma Valley Union High School Building, Sonoma, California, for the performance of the following work:

First--for the moving from their present site on the old high school grounds to the new site in positions as marked on plans, buildings designated as follows: Manual Training, Domestic Science, autoshed, blacksmithshop, woodshed and handball backstop.

Second--All concrete work as shown on plans and specifications necessary to construct the proper foundations, steps, etc for the buildings designated above.

Third—To remodel autoshed according to plans and specifications.

Separate bids will be received for each of the above propositions or a combined bid may be submitted for all or any two of the above propositions.

Each bid must be accompanied by a certified check check of 10 per cent of the amount of the bid, check to be made payable to Dr. W. B. Hays, Secretary of the Board of Trustees, and to be certified to by some responsible banking institution.

The plans and specifications may be secured from the office of the Principal in the new high school building, Sonoma, California. A deposit of $5.00 will be required for all plans loaned out.

The Board of Trustees reserves the right to reject any and all bids.

Geo. H. Cassidy, President,
Dr. W. B. Hays, Secretary,
L. M. Bish,
Frederick Helberg,
Leopold Justi.

Board of Trustees of Sonoma Valley Union High School District.
